Sherry and lemon In delectable shrub

Sherry Shrub, a mixture of Sherry and lemon, is an ideal appetizer that improves as it stands. To make about 10 servings, combine 1 bottle (4/5 quart) of California Sherry, 1 can (6 ounce) frozen lemon concentrate, and the juice of 2 lemons.

Mix well with a blender or egg beater and store 3 to 4 days in the refrigerator to mellow and blend the flavors. A cherry garnish is attractive.
